Objective

To enhance my professional skills, capabilities and knowledge in an organization which recognizes the value of hard work and trusts me with responsibilities and challenges.

Experience

- **Full Stack Developer** -

  Cogniter Technologies | Chandigarh | April 12, 2023 – Present

  Frontend Development:
  Built responsive web apps with Vue.js and component-based architecture.
  - Integrated RESTful APIs for smooth frontend-backend interaction.
  - Utilized modern JavaScript ES6 frameworks to boost UX and performance.

  Backend Development:
  - Designed and developed secure RESTful APIs using ASP.NET Web API.
  - Implemented server-side logic in C#, focusing on reliability and efficiency.
  - Performed performance tuning and debugging for optimal backend functionality.

  Database Management:
  - Created and optimized schemas, queries, and procedures in MS SQL Server.
  - Developed data access layers for integrity and efficiency.

  Collaboration & Problem-Solving:
  - Coordinated with UI/UX designers and product managers to meet requirements.
  - Resolved issues across frontend, backend, and database layers.
  - Participated in code reviews to improve code quality and practices.

Education

- **Rayat Bahra University** 2017-2021
  B.tech (computer science engineering)

Skills

- Vue , React , Angular, Asp.net web Api , Node js , .Net Framework , Ms SQL Server , Micro frontend , Microservices, Javascript, C #, Sql, Jira , Github
- Problem Solving , Decision Making , Hardworking , Quick learner , Punctual ,

Projects

- **Talygen**

  -- **Project Module and Submodule**

  - **Asset Management**: Implemented and managed asset tracking systems to ensure accurate inventory and resource allocation.

  - **Custom Layout**: Designed and customized user interfaces to enhance usability and meet specific client requirements.

  - **SingleSpaNavbaar**: Developed and integrated a single-page application navigation bar to improve user experience and streamline navigation.
  - **Company Setup**: Configured and customized company-specific settings and workflows to align with

organizational needs.

- **WebBuilder**: Utilized WebBuilder tools to create and maintain dynamic web applications, improving overall site functionality and performance.

- **Time Tracking**: Implemented time tracking features to monitor project progress and productivity, ensuring accurate billing and project management.

- **User Management**: Administered user roles and permissions to enhance security and manage access across various project modules.

- **Third-Party Integration**: Integrated Instagram and Facebook APIs for social media management, enabling automated code-based posting and updates directly to these platforms.

Personal Details

- Marital Status : Single
- Languages : Hindi , English

Hobbies

- Riding , listen to music , cooking , Coding
